## Grocery Department...

### The Cheapest Flour

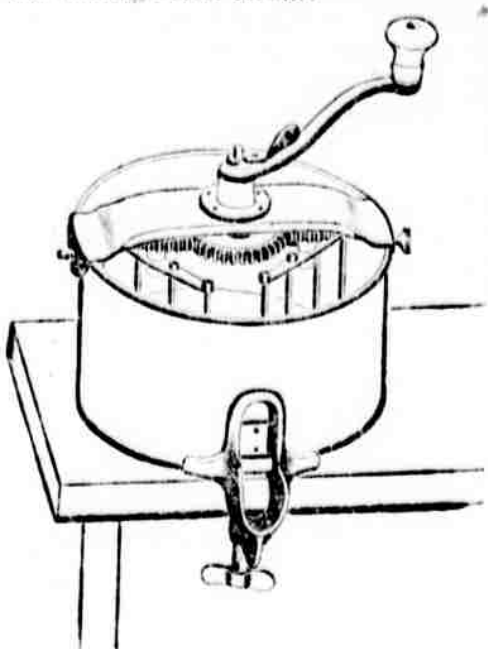

Is the flour which makes the most bread. A barrel of Gray's Best Flour will make more loaves of bread than will a barrel of ordinary flour. Our stock is all made from old wheat. Price per sack... \$1.55

### The "Universal" Cake Maker

Like the well established Bread Maker and Food Chopper of the Universal series, is the friend of housekeepers, saving untold time and labor and insuring better results.

It beats very rapidly as there are five revolutions of the mixing flers at each turn of the handle. Every housekeeper knows that good cake depends upon beating air into the batter, keeping continually the same motion.

The "Universal" Cake Maker is constructed upon this principle and its efficiency cannot be realized without a trial.
